

NONPROFIT LEADERSHIP SUMMIT

Thursday, August 22, 2024

8:30am - 11:30am

Riviera Beach Marina

200 East 13th Street, Riviera Beach

SPONSORSHIP INFORMATION

The Nonprofit Chamber of Palm Beach County comprised of over 90 nonprofit members is hosting a Leadership Summit.

Nonprofit organizations play a crucial and multifaceted role in the lives of Palm Beach County residents by providing enrichment and addressing the community's most pressing concerns. One of the major areas where nonprofits contribute is in supporting low-income individuals and communities.

Organizations such as food banks, homeless shelters, and affordable housing initiatives work tirelessly to alleviate poverty, provide essential resources, and empower individuals to improve their lives. Additionally, nonprofits in sectors like healthcare, behavioral health and education ensure access to vital services and opportunities for under-resourced populations. They also play an important role during and after natural disasters, as well as enhancing the quality of life by fostering access to arts and culture. Nonprofits promote community development, environmental conservation, and social justice, creating a stronger and more equitable Florida. As employers and service providers, nonprofits are key components of the state and local economy. Nonprofits are a vital part of the ecosystem that is the foundation our communities count on.

The Florida Nonprofit Alliance (FNA's) triennial evaluation of nonprofits' economic impact identified that Florida's nonprofit organizations:

- Number 22,710
- Employ an annual average of 456, 881 employees
- Pay annual wages of \$27.5 billion
- Generate \$116. 5 billion in annual revenue
- Hold assets valued at \$255.4 billion

Nonprofits are indispensable contributors to our local economy. Through job creation, revenue generation, tourism promotion, social services provision, community development, cultural enrichment, and environmental conservation, nonprofits play a multilayered role in fostering economic growth, resilience, and prosperity.

We all count on the nonprofits in our community – and the nonprofits count on you!
